

Bath Swing Panel

Double Hinged

Indulge in a little bit of luxury everyday

Immerse yourself in the luxury of a relaxing bath or the convenience of a shower with the Aqua Style bath swing panel. Even in bathrooms with limited space, a bath swing panel allows you to enjoy the best of both worlds.

The semi-frameless Aqua Style bath swing panel is made from toughened polished glass. A clear choice in ensuring safety and durability, whilst maintaining the clean lines in your bathroom. Intelligently designed for contemporary interiors, the Aqua Style bath swing panel is both stylish and practical.

Bath Swing Panel

Double Hinged

Features of the Aqua Style® double hinged bath swing panel.

- Smooth contoured profiles minimise the accumulation of soap and residue to ensure minimal cleaning.
- A clear splash seal, positioned at the bottom of the glass panel, fits snugly into the bath lip and minimises water leakage for a dryer and safer bathroom.
- Attractive rounded contours characterise the high quality glass mounted chrome hinges.
- The first panel swings through 180° and the second panel swings 270°, for greater flexibility and ease of entry. The panel folds away completely when not in use.
- A fully reversible panel makes it versatile for bathroom renovations, as it allows the panel to be installed for left or right hand applications.
- Adjustable wall mount frames assist with out-of-square walls.
